

Finger sleeves

in hot shrink-fit method

4FM 1x80-25 4x27-9

Article no.: 5170060041, GTIN: 4052487233385

3 and 4-finger sleeves can be used to insert multiple cables into system cover sockets, even providing a means of sealing cables with a small cross-section. Sealing is carried out using the hot shrink-fit method (by feeding in heat).

Picture may differ from selected product

FACTS

Advantages:

- 3 or 4 cables can be installed in system cover sockets
- Wide area of application/shrink range

Material:

- Polyolefin

FEATURES

For system cover:	HSI150 D3x58
Shrinking range connection side (mm):	80 - 25
Shrinking range system cover (mm):	27 - 9
