

Single wall insert with foldable rubber sleeve

for setting in concrete and connecting smooth cable ducts

HSI150 1x1 KMA163/120

Article no.: 3030319966, GTIN: 4052487224086

 New foldable rubber sleeve with additional pull out safety through the clamping strap

- Readily available for wall thicknesses 120 mm and above
- Pressure-tight seal to the concrete through 3-ribbed seal, with two 3-ribbed seals from wall thicknesses of 150 mm and above
- Quality mark: sealed ex works. Option to check for accidental or unauthorised opening of the closing cover

For the connection of system seals for cables (inside) on one side and the connection of cable ducts (outside) on the other.

Picture may differ from selected product

FACTS

Advantages:

- Sturdy Blind cover, formwork aid and a protective cover in one
- Connection possiblilty for a system seal on one side and with integrated rubber sleeve for connection of smooth cable ducts on the other side
- Defined insertion depth of the cable duct through a stop in the rubber sleeve
- Stronger hold through the increased insertion depth, even in case of a deflection of the cable duct

Scope of delivery:

- 1 piece pressure-tight system cover HSI150 DTS
- 2 pieces HSI150 AH40 spacer
- 1 piece blind cover
- 2 pieces clamping straps

Dimensions:

- Frame dimensions: 220x 220 mm
- Centre distance with spacer: 250 mm

Properties:

- FHRK-certified
- DVGW-certified

Application range:

• Waterproof concrete stress class 1, waterproof concrete stress class 2

Material:

- Wall insert: ABS with TPE 3-ribbed seal
- Closing cover: ABS with TPE seal
- Adapter pipe: PVC
- Sleeve: EPDM
- Clamping straps: W4
- Blind cover: PP

Tightness:

- gastight and watertight
- radon tight

FEATURES

: 163 wall thickness (mm): 120
